The Patent and Trademark Office evidently erred  
when these errors were made in the formal patent document  
since the text is correct in the application file.

Since these mistakes are not obvious from the  
printed text, it is believed to be in order for the Patent  
and Trademark Office to issue a Certificate of Correction in  
accordance with the two copies of the enclosed Form PTO-1050  
and to place such a Certificate of Correction in the file  
so that such will appear on any copies of the patent which  
are ordered in the future. Moreover, since these mistakes  
are those of the Patent and Trademark Office, such should be  
done without charge to the patentee.

It is respectfully requested that when the above-  
requested Certificate of Correction has been issued and  
entered in the file, that a certified copy of the Certificate  
of correction be duly returned to the below-listed attorneys  
for the patentee.

Respectfully submitted,

SPRUNG HORN KRAMER & WOODS
